

INTRODUCTION

On Wednesday, 8th October, our English group visited an association called APEIM (Association des Parents d'Enfants Inadaptés de Maurice), located in Trianon. This association is a NGO (Non- Governmental Organisation) supporting children and adults who have physical and mental problems and disabilities.

We have discovered a lot about their everyday life, their suffering and theirs dreams, talents and skills. So we have all decided to write the following poem entitled " ALL THE SAME" to express our feelings of solidarity.

ALL THE SAME

They are victims of discrimination but people don't know who they really are!
Shame, guilt on them being simply mentally and physically different
Just think if it were YOU suffering like that every day!

Although they knew how to welcome us generously
We've never met people like them before: so
fantastic, so friendly
Respect is part of their life and personality
We've never imagined how autonomous and
independent they are!

Indeed they don't need us, they can live on
their own!

Just look at their amazing talents and skills
How awesome, creative, patient and
imaginative they are!

We would never be able to do things like that.

**AFTER THIS VISIT, ALL OF US CAN NOW SPEAK
ABOUT THEIR SUFFERING,
ABOUT THEIR DREAMS, THEIR LOVE, THEIR
AMBITIONS AND PASSIONS
YOU, TOO! JUST LISTEN TO YOUR HEART AND BE
PROUD OF IT!
BE WHO YOU ARE ! DO WHAT YOU LIKE!**

CONCLUSION

Throughout this poem, we can guess that no one can judge and can be judged. We were all born free and we shouldn't fight to prove it !
